

SAY ORGANIZATIONAL RULES

SAY PHILOSOPHY

1. The Soccer Association for Youth (SAY) was formed to provide an organization within which children could learn and play soccer, the world's most popular sport. The fact that any size player can be successful at the game and the modest expense required to field a team make it possible for many children to participate in organized competition. These factors, plus the enthusiasm of the children once they have played the game, have resulted in a rapid growth of the SAY Program.
2. It is the function of SAY
 - A. to provide
 - (1) guidance and instructions for new participants,
 - (2) an organizational structure to form leagues and schedule games; and
 - B. to prescribe rules and regulations which will ensure safe, enjoyable and fair competition.
3. A youth program should be, as its name implies, a program for the kids. To win at any cost may be the proper attitude for the highly skilled professional, but it is contradictory to the basic objectives of the Soccer Association for Youth. Stacking teams, tryout camps, all-star powerhouses, etc., may produce a climate of excellence for a talented few, but will not in the long run be beneficial to the vast majority of young people involved.
4. Several of the SAY regulations presented in this book have been written especially to implement this philosophy as far as practicable. The overall objective of SAY is maximum participation with even competition at the various age levels.
5. It is the function of SAY to provide guidance and instruction to its Areas and to prescribe rules and regulations that will ensure safe, enjoyable and fair competition.
6. These Areas are authorized to administer the SAY soccer program within their boundaries, form leagues and schedule games. For larger Areas, administration may be further broken down into Districts. The members of each Area or District must elect governing Boards of Areas and Districts.

RULE 1 – AGE CLASSIFICATION

1. Age divisions are broken down as follows:

CLASS	DIVISION	AGE
PS	(U-6) Pre-School	4 & 5
P-SS	(U-8) Passers (Short Sided)	6 & 7
P	(U-8) Passers (11 v. 11)	6 & 7
W-SS	(U-10) Wings (Short Sided)	8 & 9
W	(U-10) Wings (11 v. 11)	8 & 9
S	(U-12) Strikers	10 & 11
K	(U-14) Kickers	12 & 13
M	(U-16) Minors	14 & 15
SR	(U-19) Seniors	16,17&18

2. **CLASS PS (Pre-School)**

- A. Children under six (6) years of age may participate in a pre-school program administered by an Area or District.
- B. Four (4) and five (5) year olds are not permitted on regular SAY teams *[except for (5) five-year olds who will become six (6) in August or September and who will be entering first grade]*.
- C. Because pre-school programs do not keep score or stress winning, SAY player draw rules do not apply.

3. **ALL OTHER CLASSES**

- A. The lower age must be reached and the higher age not exceeded on or prior to July 31 of the current year.
- B. The head coach shall be responsible for age verification of the players on the team roster.
- C. If the age of a player is challenged, the coach must submit the player's birth certificate or equivalent proof of age to the appropriate District Representative, tournament official, or Area Representative/Officer, or Tournament Official.
- D. The intent of establishing these age classifications is to make competition as even as possible.
- E. Most Areas/Districts have sufficient players to make up teams with two (2)-year age divisions.
- F. In Areas where there are not sufficient players to make up teams with two (2)-year age divisions, it is acceptable to use three (3)-year age groups in a division – or even four (4)-year age groups in a division.
 - (1) However, these wider differences do place a burden upon the younger children and should not be used unless it is absolutely necessary.

- (2) If such teams play against standard two (2)-year age division teams, they are classified according to the oldest age on the team.
- G. A player may play in the next older Age-Division, if and only if:
 - (1) A Parent requests, in writing, prior to the player draw proceedings that his/her child play in the next older Age-Division, AND
 - (2) such a player assignment is made with the written approval of the District Representative.
- H. Players do not have to be in school to play SAY
- I. A player with a disability or a development problem may be assigned and play in the next younger Age-Division, only if approved by the Area and only if the following criteria are met:
 - (1) The request is initiated by a parent, in writing, prior to the player draw proceedings, AND
 - (2) The request is accompanied by a written document from a doctor attesting that the child's developmental problems would best be served by playing in a younger Age-Division, AND
 - (3) Such a player assignment is approved, in writing, by the District Representative.
 - (4) Upon approval by the Area and the assignment of the player to a team, there shall be no limitation on the participation of that team with other Districts or Areas.

PUNISHMENT: For violation of RULE 1 – forfeiture of any game in which an ineligible player participates.

RULE 2 – OFFICIAL SEASON

1. The official SAY season of a given Area will be specified by the Area's governing body, or by agreement among Areas, if there are two or more Areas playing together.
2. Any playing season beginning between January 1 and June 30 will be officially considered a "spring" season, and
3. Any playing season beginning between July 1 and December 31 will be officially considered a "fall" season.
4. Each Area shall designate an official "Primary" playing season, i.e. either the "Fall" or "Spring" season. If an Area also plays a second season that season will be considered their "Secondary" playing season.
 - A. For the purposes of player assignments the "Secondary" season shall be considered as a separate playing season and shall not be a continuation of the "Primary" season.
 - B. Teams may carry over from Primary to Primary seasons and from Secondary to Secondary seasons with regard to player draw regulations and player assignments, but not from Primary to Secondary seasons or from Secondary to Primary seasons.

Exception: Any Area may choose to apply for and receive a variance to this section of Rule 2, but in doing so any team from that Area would be ineligible to compete against teams from other Areas that are in compliance with Section 4 of this Rule 2, unless both Areas approve of the inter-play.

RULE 3 – SAY DISTRICTS

1. Larger Areas may be divided up into Districts, and any District may be organized as either:
 - A. a “Residential District” with residence within certain defined geographic boundaries, recognized and approved by the Area’s governing body, establishing eligibility for membership on SAY teams, or
 - B. an “Organizational District” administered by a local club, a local recreational organization or any other local group recognized and approved by the Area’s governing body, with membership in that organization establishing eligibility for membership on SAY teams.
2. A Representative shall be elected or appointed by each District who will be responsible for administering the SAY rules within that District.
3. The District Representative may serve as that District’s member on the Area’s governing body.
4. Boundaries of contiguous Residential Districts within an Area shall be established by that Area Board.
5. For local organizations recognized as Districts by a particular Area, but who draw members from more than one “Residential” District within that Area, or from other Areas, any local member of that organization may also declare to be a member of that Organizational District.
6. Player’s options:
 - A. Players may elect to play either:
 - (1) for the Residential District in which they reside, or
 - (2) as a member of the local “Organizational” District to which they belong.
 - B. Once a player’s choice has been made, it may not be changed without the approval of that District’s Representative.
 - C. Players may not elect to play, without the written approval of the District Representative of the Residential District in which they reside,
 - (1) for any “Residential” District in which they do not reside, nor
 - (2) for any “Organizational” District of which they are not members or to which they do not belong.
7. However, each District Representative or Team Committee person (as defined in Organizational RULE 8, Section 5A) has the prerogative and responsibility to move players to other Districts, with mutual agreement, if this is the only way to put all or most registrants on teams.
8. If a player who has signed an agreement to play in one District moves to another District, that player may:
 - A. continue to play for the original District for the remainder of that season only, or
 - B. request assignment to an open team position in the new District by its District Representative and notify in writing the District Representative of the original District of the change.
9. Except as noted above, allowing players to play wherever they wish can lead to abuses that are contrary to the SAY philosophy, and is not permitted.

RULE 4 – LEAGUES

1. Leagues with a small number of teams may not provide an interesting playing season. If a District cannot field four or more teams:
 - A. The teams that can be formed should be combined with those of one or more other Districts so that each team will meet a good variety of opponents.
 - B. Such combining will be done by the Area's governing body, with due consideration for
 - (1) distance between Districts,
 - (2) availability of fields, and
 - (3) other variables that might be pertinent.
2. In some (but not all) age divisions, an Area or Areas might have to combine teams with another Area or Areas to form leagues. Supervision of any such league should be decided by mutual agreement among the involved Areas.
3. For Minors and Seniors teams, see RULE 13

RULE 5 – LEAGUE STANDINGS

1. If league standings are kept,
 - A. A win equals three (3) points, unless, prior to the season, the Area's governing body decides to award two (2) points. No change may be made during a season.
 - B. A tie equals one (1) point, and
 - C. A loss equals zero (0) points.
2. League standings are determined by point totals at the end of the season.
3. If teams with an equal number of games played tie for a position in the standings that would qualify for tournament play, this tie should be broken by a play-off game. Other types of tie-breakers are permitted, but they usually are not as well accepted by the participants.

RULE 6 – PLAYER AGREEMENTS

1. A player must be under agreement before playing in a regular season game. The agreement stipulates that the player
 - A. will participate on only one specific SAY team for one entire season, and
 - B. will be provided with the opportunity to participate in the games within the rules of SAY
2. To assure that only properly assigned players are on a team, the head coach of each team shall send both:
 - A. the team roster, and
 - B. copy B of each player agreement (or acceptable substitutes) to the District Representative as soon as the team is organized, and in no case later than the day before the team's first scheduled game.

PUNISHMENT: Forfeiture of any game in which an ineligible player participates.

RULE 7 – COACHES

1. A maximum of three (3) coaches will be recognized as official for each team; A Head Coach and two Assistant Coaches, whose names shall appear on the team roster, and one of whom must be present during all team practices and games. This does not preclude the use of many more coaching assistants at practices. The Head Coach must be at least eighteen years of age.
2. The Head Coach is responsible for the correctness of player's age and address as shown on the player's agreement.
PUNISHMENT: Forfeiture of any game in which an ineligible player participates.
3. At each game,
 - A. The coach will have a copy of the team roster, which may be examined by the opposing coach only if this request is made before the start of the game (i.e. not during the game, not at half-time, nor after the match has been completed).
 - B. The referee may examine either team's roster at any time before, during, or immediately after a match, but in doing so the Referee must also check the rosters of both teams.
 - C. In the event that a coach does not have a copy of the team roster at a game, the referees shall permit the game to proceed but the incident must be reported to the District Representative.
4. It is desired that all head coaches:
 - A. be certified by the NSCAA; or
 - B. be licensed by U.S.S.F., or
 - C. have received training as approved by the SAY Training and Education Committee (SAYTEC).
5. It is recommended that all coaches:
 - A. have in their possession medical release consent slips for each rostered player at all practices, games and other team functions for emergency use;
 - B. use only positive reinforcement and encouragement with players during all practices and games; and
 - C. refrain from negative remarks during practices and games.

RULE 8 – LEGAL TEAM

1. General Provisions

A. Team Size: (11 v. 11)

- (1) As a general rule, a team must have no fewer than eleven (11) players.
- (2) There should be an adequate number of substitutes so that players can be rested, but not so many that players cannot get a significant amount of playing time.
- (3) The optimum maximum team size is fifteen (15) or sixteen (16) players.
- (4) Teams with more than sixteen (16) players are acceptable in order to enable all of the children to play:
 - (a) if there is a shortage of coaches, or
 - (b) if not enough players sign up to form two teams.
- (5) No SAY team may have more than twenty-two (22) players. (If there are more than 22 players, it will be impossible to comply with the SAY rule requiring that each player play not less than approximately one-half of every game).

B. For age divisions playing short-sided games the provisions for the number of players assigned to the teams, as outlined in Section 1A above, should be modified accordingly to provide for maximum player participation.

C. Players may be added to a team's roster no later than thirteen (13) days after the day of that team's first game.

D. A player lost to a team for the remainder of the season may be replaced at any time during league play. These replacements should be done under the direct supervision of the District Representative, and/or Team Committee person. (There may be late sign-ups who would be available to fill these openings).

E. Players may not be added to a team's roster after league play has ended.

F. No player listed on a SAY roster may play on any other SAY team during the same SAY season.

G. No player who has played as a member of a college team, regardless of age, may play on a SAY team.

PUNISHMENT: For violation of Section 1 - forfeiture of any game in which an ineligible player participates.

2. Authority to Form Teams

A. Each District is authorized to form teams and make team assignments within its own geographic boundaries or for its own membership in accordance with these rules.

B. Every child either residing within the boundaries of a "Residential District" or who is a member of a "Organizational District" must be

- given an equal opportunity to play on a SAY Soccer team for which the child is eligible.
- C. Notice of registration for teams must be given in like manner to all the children who
 - (1) reside within the boundaries of that “Residential District”, or
 - (2) are members of that “Organizational District.”
 - D. Under no circumstances may tryouts or any other similar selection process be used to determine if a child may play SAY soccer.

3. **Player Draw**

- A. Players shall be assigned to teams in a manner that provides no intentional advantage to any one team over another.
- B. Assignment of new players and those who have moved up from a lower age division shall be by blind draw, or some other method that results in teams being balanced in ability level. This is one of the most basic rules in SAY and must be enforced by each District. Any random choice method is acceptable. For example:
 - (1) Each team picks from sign-up cards that have been placed face down on a table.
 - (2) Numbers are assigned to player sign-up cards and team assignments are made based upon the numbers as they are randomly drawn.
- C. Each team within an age division must have the same number of players of each age group as other teams within that same age division (within one player). For example:
 - (1) If there are four Wings (U10) teams and a total of 26 nine-year-old players within the District, teams may have 7, 7, 6, and 6, but not 8, 6, 6, and 6 nine-year-old players.
 - (2) If there are five Strikers (U-12) teams and a total of 43 ten-year-old players within the District, teams may have 9, 9, 9, 8, and 8, but not 9, 9, 9, 9, and 7 nor 10, 9, 8, 8, and 8 ten-year-old players.
- D. Teams with fewer players in an age group must be allowed more draws from that age group, to equalize the age distribution to the extent practicable.
- E. Where an imbalance cannot be corrected by draw assignments of new players and those who have moved up from a lower age division, players must be randomly transferred at the time of the draw from existing teams to correct the imbalance.
- F. Any imbalance which occurs subsequently because of loss of players:
 - (1) need not be corrected by player transfer, but
 - (2) should be corrected by assignment of unassigned players who have signed up late or who have been placed on waiting lists.
- G. When a District fields only one team in an age division, that team may have no more than nine (9) players in the oldest age group. An exception may be granted only

- (1) by the governing body of the Area, and then only
 - (2) after all other means of moving the oldest excess players have been exhausted including the formation of another team or allowing the other players (who desire to do so) to “play up” in the next older age division.
- H. When new teams are formed, it is recommended that all players – including returning players – be randomly assigned to all teams. Where this is not either practicable or desirable:
- (1) newly formed teams should be assigned experienced players (who are moving up or transferring) first; and
 - (2) teams with returning players should be assigned experienced players (who are moving up or transferring) last.
- I. A player (or the player’s parent) may elect to have the player not play on a particular team or for a particular coach within the player’s “Residential” or “Organizational” District provided such election is made prior to the player draw.
- (1) The player’s right should be communicated to the player at the time of registration – perhaps by a block on the sign-up sheet that asks one or all of the following:
 - (a) “Does the player prefer not to return to the same team? – Yes or No,” and/or
 - (b) “Does the player prefer not to be coached by coach_____? Yes or No.” and/or
 - (c) “Does a player prefer to be reassigned to another team during the player draw? Yes or No.”
 - (2) Should such a player be randomly assigned to that team or coach, the player must be immediately re-entered into the draw and another player assigned.
 - (3) Where there are only two teams, and an election to not play on one team assures assignment to the other, reassignment should be made only where there is sufficient reason to justify the election.
- J. Except as described in Sections 3E, 3G and 3I, players who remain on a team roster from the previous year may not be transferred to another team unless all teams in that age division are being completely redrawn.
- K. The following players, who would otherwise be subject to the draw, may be exempt from the draw.
- (1) the child or children of the head coach of the team.
 - (2) The child or children of one assistant coach of the team – provided such assistant coach was assigned to the team prior to the draw.

Exception: If a child of an assistant coach or a former assistant coach from the prior season(s) is already on the team prior to the draw, then no child of an additional assistant coach is exempt from the draw.
 - (3) Any otherwise eligible younger brother or sister of any player who is:

- (a) already playing on the team or
 - (b) assigned by random draw to play on the team.
- L. A person with a conflict of interest should neither participate in conducting a player draw, nor with the assignment of players to teams.
- M. Head coaches should be notified of the player draw for their age division and be allowed, wherever practicable, to attend.
- N. All team drawings must take place in the presence of a representative of the Area Team Committee (as defined in RULE 8 SECTION 5) – either a member of, or a person chosen by, that committee.
- O. A record of the results of the draw shall be:
 - (1) submitted to the Area Team Committee as soon as practicable after completion of the draw, and
 - (2) kept by the District Representative.
- P. A team in violation of Sections 2 or 3 will not be allowed to participate in the SAY program, if the District or Area determines that this has been the result of a deliberate attempt at “stacking the team”. If it is determined that the variation is the result of ignorance or an error of “good faith”, the ruling body of the District or Area will declare the team to be “not-at-fault” and correct the situation in a manner that causes the least harm to the players and/or team.

4. Post-draw Assignments

- A. Players signing up after team draws are completed will be assigned to teams by the District Representative in such a manner so as to balance, as far as possible, the distribution of age groups.
 - (1) Post-draw assignments to teams that have been formed by Residential Districts shall be made by the District Representative.
 - (2) Post-draw assignments to teams that have been formed by an Organizational District, shall be made by the Organization’s District Representative.
- B. Where more than one team has an opening for a late registrant or registrants, assignments to teams will be done on a random basis and in such a manner as to assure balance among the teams.
- C. In no instance will a player be removed from a team as a result of an assignment of a later registrant.
- D. Late sign-ups should not be assigned to teams one at a time as soon as they sign-up.
 - (1) This method could result in excellent or unscrupulous players or parents deliberately not signing up until they know that the team they want to be on is next in line for a player assignment.
 - (2) It is better to accumulate several late sign-ups and then assign all of them together by a blind draw (i.e. on a random basis and in such a manner to assure balance among the teams).

5. Area Team Committee

- A. The governing body of each Area will select a Team Committee, the chairman of which shall be a member of the Area's governing body. Other members of the Team Committee could be the District Representatives, or others who represent the total geographic area of the Area.
- B. The Area Team Committee will:
 - (1) supervise within the Area:
 - (a) registration of players,
 - (b) formation of teams,
 - (c) formation of leagues; and
 - (2) receive, investigate, and report their findings to the governing body of the Area for action when any challenge of the eligibility of any team or player is made at any time by any:
 - (a) Head Coach or
 - (b) SAY Representative; and
 - (3) perform any other duties that may be assigned to it from time to time by the governing body of the Area.

6. Illegal Team and Ineligible Player Protests

- A. A protest concerning an illegal team or ineligible player:
 - (1) May be made at any time, by any person, and
 - (2) Does not require the payment of the \$50.00 official protest fee noted in RULE 9.
- B. If it is determined that an illegal team, or that an ineligible or illegal player has participated in a game, that game shall be declared a forfeit.
Exception: Teams declared "not-at-fault" in accordance with RULE 8, Section 3-P.
- C. The forfeit penalty will apply not only to the game that originated the protest, but also to all games in which the illegal team or ineligible/illegal player participated.

RULE 9 – PROTESTS

1. Judgment calls by referees may not be protested. For example, no official protest may be made concerning the referee's judgment as to:
 - A. who committed the foul, or whether a foul was intentional or even committed;
 - B. whether a goal was or was not scored;
 - C. which team should be awarded the ball when the ball goes out of play over the goal-lines or the touch-lines;
 - D. allowing or failing to allow an "advantage", etc.
2. An official protest concerning a particular game and any incidents which occurred during that game may be lodged by the Head Coach, or his (or her) assistant when the Head Coach is not present, ONLY if it is alleged that a PLAYING RULE or LAW was incorrectly applied or enforced by the referee. For example:
 - A. awarding a penalty kick for a dangerous play or unsporting behavior;
 - B. allowing a team to play with eleven players after a player has been ejected during the course of the game, etc.
3. Official Protest Procedure:
 - A. An informal, but official, verbal protest must be made to the referee(s) by the Head Coach, or his/her assistant when the Head Coach is not present, at (preferably) or close to, the time of the incident; but in all cases, it must be made before the referee(s) have left the playing area.
 - B. A simple or vague complaint about a call or calls will not suffice – the words "official protest" must be used, and the reason for the protest must be made clear. (If this is done at the time of the incident, a mistake by a referee can often be easily rectified without the need for any further action.) Any coach who has made an official verbal protest may withdraw that protest at any time.
 - C. The opposing coach must be notified of the protest by the referee.
 - D. The informal verbal protest must be followed by submission of a formal, written official protest,
 - (1) delivered to the District Representative or the appropriate Area designee,
 - (2) by midnight of the following day,
 - (3) accompanied by a fee of \$50.00, which will be refunded if the official protest is allowed, and retained if the official protest is disallowed.

- E. Intra-district protests may be decided by the District Representative or the Area Protest Committee or they may forward them to the Area's governing body for a decision.
 - F. Inter-district protests must be decided by the Area's governing body or the Area Protest Committee.
 - G. A decision regarding an official written protest must be rendered within seventy-two (72) hours of its reception and the decision must be transmitted in writing to both coaches in a timely manner.
 - H. Official protest decisions made by the governing body of an Area are FINAL and may not be appealed to the National Board of Directors or the SAY National Office.
 - I. A report of each official protest should be submitted to the SAY Commissioner at the SAY National Office within 30 days.
4. If an official protest is allowed, the ruling body shall determine the corrective action required with the understanding that in most situations the game shall be replayed from the time of the incident.

RULE 10 – MINIMUM TEAM FORFEITS

1. Teams from within the same District must field no fewer than the legally required minimum number of players as stated in the Playing Rules (i.e. seven (7) players for an 11 v. 11 game and a lesser number for short-sided games) at the scheduled starting time.
2. Teams from out-of-district are allowed a 20-minute grace period, and must by then field at least the legally required minimum number of players as stated in the Playing Rules (i.e. seven (7) players for an 11 v. 11 game and a lesser number for short-sided games).
3. If the above requirements are not met by one team, the game is to be recorded as a forfeit to the other team.
4. If neither team meets the requirements, it is “no contest” and the game should be rescheduled.
5. If a forfeiting team presents evidence of extenuating circumstances acceptable to the Area’s governing body, the forfeit may be rescinded and the game rescheduled.

RULE 11 – SUPERVISION

Subject to these SAY rules, each Area's governing body is authorized within its Districts to:

1. schedule games,
2. supervise the assignment of players to teams,
3. form teams and leagues and assign coaches,
4. decide protests, and
5. otherwise regulate activities pertaining to the SAY program.

RULE 12 – PARTICIPATION

1. It is the intent of this rule to assure that every player is allowed maximum participation. Every player must *** be allowed to play *** or *** given the opportunity to play *** at least the equivalent of approximately one-half of every game, as closely as possible.
2. Every player present at the start of the game shall play at least the equivalent of approximately one-half of the regulation game (i.e. this is not intended to apply to any overtime portion of an extended game) – unless:
 - A. injured prior to the start of the game, and
 - B. notification of the injury is given to the referees and the opposing coach before the start of the game.
3. Any player arriving after the start of the game must be allowed to play not less than one-half of the game (or the remainder of the game if less than one-half remains) unless the coach feels that disciplinary action is necessary; in which case playing time may be reduced by any amount – up to the remainder of the game in its entirety. It is the intent of this rule to assure every player maximum participation, and one-half of every game should be approximated as closely as possible.
4. Should a coach feel that it is in the best interest of the player to discipline that player by denying the player participation in a game, permission shall be given by the District Representative provided that all of the following four criteria are met:
 - A. The Coach must submit a written request to his/hers District Representative for permission to withhold the player from a game.
 - B. A separate request must be made for each player and for each game stating:
 - (1) the reason such action is desired, and
 - (2) how such action will be beneficial to the player.
 - C. The District Representative agrees with the coach and gives written permission to withhold the player from the next scheduled game.
 - D. The letter granting permission is presented by the requesting coach to the referee and the opposing coach prior to the start of the game.

Note: Once the letter is presented to the referee, the player may not participate in that game under any circumstances.
5. The District Representative or a designee appointed by the Area's governing body should investigate all allegations of violation of RULE 12.

PUNISHMENT: Forfeiture of any game where a violation of RULE 12 occurs – BUT ONLY if the violation can be confirmed by an impartial observer such as the District Representative or someone assigned by the District Representative or the Area's governing body.

RULE 13 – MINORS & SENIORS DIVISIONS

1. Assignment of players to Minors teams and to Seniors teams shall be subject to all of the SAY ORGANIZATIONAL RULES.
2. Minors teams and/or Seniors teams shall register through the District Representative – or through the Area's governing body if it is necessary to draw players from more than one District to form a team or teams.
3. A Minors Commissioner will be appointed by mutual agreement of the governing bodies of each of the involved Areas to schedule and administer the Minors League.
4. A Seniors Commissioner will be appointed by mutual agreement of the governing bodies of each of the involved Areas to schedule and administer the Seniors League.
5. The Minors Commissioner and the Seniors Commissioner shall each have all the status and authority of a District Representative to review and to administer appropriate sanctions towards players, coaches and teams in accordance with these Organizational Rules.

RULE 14 – VARIATIONS

1. Where the Organizational Rules mandate a particular procedure by use of the words “must”, “shall” or “will”, no variation shall be permitted without prior written consent of the SAY National Board of Directors.
2. Where the Organizational Rules are presented in the form of guidelines, recommendations or suggestions, such as when the word “may” is used, the Area may adopt the procedure suggested or modify it to suit its own needs or special circumstances – provided that the procedure chosen satisfies the intent and spirit of the RULE.
3. Procedures not specifically covered by the Organizational Rules are relegated to the governing body of the Area for decision.
4. If an Area wishes to experiment with a variation of a mandated Organizational or Playing rule, petition may be made to the SAY National Board of Directors by the Area (i.e. not a District) for a variance, which is to last no longer than one year.
5. If approval is granted, the variance may be used by that Area for no longer than the (1) one-year period approved. For an Area to continue to use an established variance, the Area will be required to file for re-approval each and every year.
6. Where a District has problems assembling teams in accordance with Organizational Rule 8, the governing body of an Area may permit variances, which will apply only within that District. Such teams may not interplay with other Districts unless the District Representative of the other involved Districts give their approval.
7. During interplay between Areas using such aforementioned variances or modifications and Areas that do not, only the standard SAY Organizational Rules may be used.

RULE 15 – APPROVED “REC-PLUS” VARIANCES

1. **Philosophy:** It has been a stated S.A.Y policy that teams consisting of “selected” players would not be to the benefit of the vast majority of the youngsters playing within an Area. However, SAY does recognize that the demographics of some of its Areas may be best served by allowing the implementation of a supplementary or a complimentary program, which would best serve the playing needs of all of the youngsters within the Area.
2. A “Rec-Plus” program may only be implemented by an Area after the Area has submitted a written proposal to the SAY National Commissioner, and the proposal has been approved by the SAY National Commissioner, in writing. The approved Area may operate the program in a District format or any other format as long as it is not in violation of the SAY Organizational Rules.
3. A “Rec-Plus” SAY program shall not be in competition with the Primary SAY program within an Area and may be either:
 - A. A “Supplementary” program, where “Rec-Plus” teams/leagues would be formed separately and in addition to the primary SAY teams/leagues. Such a program will only be approved in large Areas where there are a sufficient number of players and facilities to support both programs without in any way adversely affecting the Primary SAY program.
 - B. A “Complimentary” program, where the “Rec-Plus” teams would be made up of players from the Primary SAY teams playing (and practicing) at different times and not in conflict with the Primary SAY program.
 - C. A “Rec-Plus” SAY program could be played entirely within an Area’s “Secondary” season, as defined in Rule 2, Section 4 and not be in violation of competing with the Area’s Primary SAY program.
4. Specific Rule Requirements and Permitted Variances:
 - A. All SAY Organizational Rules shall be followed except as may be mentioned in the following Sections.
 - B. **RULE 1** – Age Classification
 - (1) Teams may be broken down into one (1) – year or two (2) – year age groups only.
 - (2) Children under ten (10) years of age may not play on a “Rec-Plus” team.
 - (3) Short-Sided team format may be used for all age divisions.
 - C. **RULE 4** – Leagues

An approved “Rec-Plus” Area may combine teams to form leagues with another Area or Areas, only if all the Areas involved mutually agree and each Area has been separately approved to operate a “Rec-Plus” program.
 - D. **RULE 6** – Player Agreements
 - (1) Supplementary “Rec-Plus” Program

There will be no variance of Rule 6, i.e., a player will participate on only one specific SAY “Rec-Plus” team for one entire season.
 - (2) Complimentary “Rec-Plus” Program

A variance to allow a player to participate on a Complimentary “Rec-Plus” SAY team in addition to his/hers primary SAY team may be granted only if the following conditions are met:

- (a) There is no conflict of game schedules and/or practices with the player’s primary SAY team (i.e. the player’s first responsibility is always to the primary team).
- (b) If a player leaves the primary SAY team then that player is no longer eligible to participate on a “Rec-Plus” SAY team.

E. **RULE 8** – Legal Team

Even though players would be “invited or selected” to participate in a “Rec-Plus” program, the formation of teams shall still adhere to all of the requirements of RULE 8, including Sections 3 and 4 especially (i.e. players are being selected to play in the “Rec-Plus” program, they are NOT being selected to play by and/or for a particular team).

F. **RULE 12** – Participation

- (1) There will be NO variance of RULE 12 allowed under any circumstances. It is still the mandate of SAY that ALL players shall be allowed to play at least the equivalent of approximately one-half of every game, as closely as possible.
- (2) All of the requirements of RULE 12 shall be enforced in a “Rec-Plus” program or approval of the program will be withdrawn by the National Board of Directors.

G. There will be no inter-play allowed between any “Rec-Plus” SAY team and any Primary SAY team.

- 5. The approval by the SAY National Board of Directors of an Area to operate a “Rec-Plus” program is limited to a one (1) year period of time. The Area will be required to bear the burden of proof that it will be able to meet (or that it has met and/or it will continue to meet) all the requirements of operating a compliant “Rec-Plus” program that does not in any way adversely affect the primary SAY program within the Area. For an Area to continue to operate an established “Rec-Plus” program, the Area will be required to file for re-approval each and every year.

RULE 16 – TOURNAMENTS

1. National SAY is not in the business to actively promote, run, administrate, or oversee tournaments, be they self-contained tournaments involving teams from a single Area, or tournaments involving games being played by teams from two or more Areas. This includes tournaments which may be designated as “state”, “regional”, or “national” tournaments.
2. Pre-season, in-season, and post-season District or Area Tournaments are an accepted part of play within an Area. Similar to league play, these tournaments are considered to be part of the natural play permitted within an Area’s jurisdiction without requiring special considerations.
3. All other tournaments, i.e. involving teams from two or more Areas, require written notification to SAY in order to be sanctioned as a SAY approved activity. Tournaments that do not receive sanctioning by SAY are considered to be a non-SAY activity, and as such may not use the SAY logo and are not covered by SAY’s applicable insurance.
4. Sanctioning of a tournament is merely an endorsement by SAY that insures all participants (i.e. players, coaches, referees, etc.) that:
 - A. The tournament is a legitimate SAY activity, which is covered by SAY’s applicable insurance.
 - B. The Area administering the tournament is a viable SAY entity in good standing.
 - C. Games are to be played in accordance with standard SAY Playing Rules.
 - D. Any rule variances or special tournament features (e.g. tiebreakers) have been reviewed and are within acceptable SAY guidelines.
 - E. Participating teams are recreational and have been formed in compliance with the organizational rules of the governing national association.
 - F. Acceptance of participating teams is in accordance with SAY and USSF policies.
5. Only an SAY approved Area (not an individual, not a team, not a sponsor, not a SAY District, etc.) may request that a tournament be sanctioned by SAY. An Area must fill out and submit a Tournament Sanctioning Form, which in part will require stipulating any special rules to be used along with a copy of the tournament application or acceptance form to be given to the participating teams prior to their commitment to play in the tournament.
6. The Area requesting and receiving SAY sanctioning for a tournament shall be totally and solely responsible for the operation and

administration of the tournament in accordance with SAY Organizational and Playing Rules and the provisions set forth in the sanctioning process. All decisions and subsequent actions regarding tournament play and eligibility are the domain of the Area, i.e. not the sanctioning entity, National SAY.

7. Any previously approved rule variances or locally adopted variances used by an Area during the playing season are not automatically approved as acceptable for tournament play. Any variances from the rules, as written in the SAY Rulebook, must be formally requested in writing and submitted along with the Tournament Sanctioning Form. Acceptance or denial will be a part of the sanctioning document provided by SAY.
8. The Commissioner of SAY will be responsible for reviewing and the sanctioning of all multi-Area tournaments. If an Area does not have a document from SAY, signed by the Commissioner, sanctioning the tournament, it is therefore considered to be a non-SAY activity and a “play-at-your-own-risk”.

RULE 17 - SYSTEMS OF OFFICIATING

1. It is the Area's responsibility to decide the system of refereeing to be used within the Area and at least one referee shall be assigned to officiate each game.
2. The National Board recognizes that a one, two, or three-person system of officiating may be preferred or necessitated because of local conditions or the age of the players. However, whenever practicable, the three-person system is recommended.
 - A. In the One Referee system, only the Referee shall have authority and responsibility for the calling of fouls and violations by the use of the whistle. Where linesmen are used, their duties are to be limited to calling balls in and out of bounds.
 - B. In the Two Referee system, both Referees shall have equal authority and responsibility for the calling of fouls and violations by the use of the whistle on any part of the field at any time, and may elect to divide or share equally the administrative responsibilities (such as timekeeping) for that game.
 - C. In the Three Officials system, two options are available:
 - (1) The "Diagonal System" is generally used throughout the world:
 - (a) Only one official shall have the authority and responsibility for the calling of fouls and violations by the use of the whistle and shall perform as the "Referee", as described in LAW V of the PLAYING RULES.
 - (b) The other officials shall perform as "Assistant Referees", as described in LAW VI of the PLAYING RULES.
 - (c) The Referee shall accept the calls of an Assistant Referee with regard to incidents that do not come under the personal notice of the Referee. However, at all other times, the Referee is not obligated to, and may or may not accept the calls of an Assistant Referee, in accordance with the Referee's own judgment, even if the effect is to nullify or grant a goal.
 - (2) The "Modified Diagonal System" is where all three officials shall perform as "Referees" and shall have equal authority and responsibility for the calling of fouls and violations by the use of the whistle on any part of the field at any time, and may elect to divide or share equally the administrative responsibilities (such as timekeeping) for that game.

NOTE: Other SAY Soccer policies, guidelines and procedures can be found in the SAY Soccer Administrator's Handbook. Copies of this Handbook are available at the District and Area level or through the SAY National Office.
